The diagram is a detailed site plan of the Stabilimento G.I.G. SRL. It shows the layout of various industrial and administrative buildings and their surrounding environment. Key features include:

- Storage Area (AREA STOCCAGGIO):** Located at the top, containing two boxes labeled CER 150101 and CER 150103.
- Laboratory (LABORATORIO QUALITA'):** A small building labeled "Piano 1°" near the storage area.
- Production and Processing:**
 - SABBIATRICE MANUALE:** A large rectangular building.
 - CABINA VERNICIATURA:** A building adjacent to the sandblasting area.
 - REPARTO GALVANICA A and B:** Large areas for galvanic treatment, containing various tanks and equipment.
 - REPARTO SOLUZIONATURA:** A building for solution treatment.
- Administrative and Support Buildings:**
 - UFFICIO:** Multiple office spaces located throughout the site.
 - W.C. (Toilets):** Several restrooms for staff.
 - ARCHIVIO:** A storage room for documents.
 - LABORATORIO QUALITA':** A quality control laboratory.
- Waste and Environmental Management:**
 - DEPURATORE:** A wastewater treatment plant located near the river.
 - DEPOSITO RIFIUTI:** A waste storage area.
 - DEPOSITO VERNICI:** A storage area for paints.
 - DEPOSITO SOLVENTI:** A storage area for solvents.
- Other Features:**
 - FRIGO (Refrigeration):** A small building.
 - DEPOSITO ALIMENTI:** A food storage area.
 - IMBALLAGGI MISTI:** A mixed packaging storage area.
 - LAVATRICE A COCCLEA:** A shell washer.
 - POST-COMBUSTORE:** A post-combustion unit.
 - COMPRESSORI:** Compressor units.
 - CON CONTAINER SCARRABILE:** A mobile container unit.

The site is bordered by the **Rio Frigione** to the left and the **Piazzale Stabilimento** to the right. The plan also shows various types of terrain, including **Prato** (grass), **Terreno incolto** (uncultivated land), and **Tettoia** (roof).
